## **9. Presentation of the annual accounts by the Treasurer**

Treasurer Frédéric Blin presented the 2013 annual report as accepted by the Governing Board in its April 2014 meeting for presentation to Members.

The net result for 2013 is a deficit of €70,320. This follows a surplus for 2012 of €183,385.

The 2013 deficit was charged against the reserves as €10,024 against the Earmarked Reserves, and €60,296 against the General Reserves. This brings the level of the General Reserves to €723,419 as of 31 December 2013, which is still above the level of reserves required under our Reserves Policy. Part of the important surplus of the year 2012 was used in 2013, which is the positive sign of the vitality and range of projects by IFLA during the last year.

The meeting adopted the 2013 Annual Accounts.
