Some of our solutions:

- Online admissions system of the **University of Alberta's Campus St Jean**.
- Customizable trigger-based notification system to send reminders to students about activity availability, start/due date and completion.
- Custom plugin to manage **NorQuest College**'s Curriculum Development Process
- **SmartSender** for secure and reliable one-time message sharing.
- Integration (SSO, data sync,..) with third party systems: Student Information Systems, Websites.
